

Milligan Workshops, Inc.

Milligan saves you money:

Milligan's overhead costs are lower than any manufacturing facility so we save our customers as much as **55%** over their in-house costs for product finishing tasks!

Our assemblers, inspectors and packagers are all experts with experience in all aspects of hand assembly, judgment inspection and all repetitive, value-added processes.

Our services are better because:

- ❖ **You pay for your service by the finished piece**, not hourly, so your costs are locked-in at project's start
- ❖ **We provide all training and supervision for our professional crew members**
- ❖ **Our reputation for quality is superior** because of our Quality System and our attention to detail

Call Milligan's today for a **NO OBLIGATION** quote
